

2020 Palau Pledge Challenge

Now that we are asking visitors to protect Palau's environment, we must ask ourselves:

What am I doing to protect Palau?

Take the Palau Pledge Challenge

Due to the COVID-19 pandemic, we are revising this year's challenge and will no longer be asking the community to collect cigarette butts until further notice.

The Palau Pledge Challenge encourages the youth to create a drawing, letter or video (gif or meme) to show future visitors the importance of preserving both Palau's environment and its culture. Individual students can join the challenge by submitting their drawing, letter, or video that captures Palau's beauty around our environment and culture and how valuable it is to them.
